Kangerlussuaq activities:

The Field Operation Manager Office is open. Arranging the EGRIP office. Pickup and prepare cargo for the planned put-in next week. After a short while our big red forklift broke down. We do not have any lifting equipment operational. We are lending equipment from our U.S. colleagues, and we plan to rent a fork forklift from a local contractor. Luckily, we will receive two new forklifts in June.

The EGRIP FOM office is now open.
